Excellence All Around You.

Our Hospitals

NorthShore University HealthSystem consists of four hospitals; NorthShore Evanston Hospital, whose traditions of providing high-quality healthcare dates back to 1891, NorthShore Glenbrook Hospital, a teaching hospital built in 1977, NorthShore Highland Park Hospital, a leader in healthcare delivery for northern Cook and Lake counties for more than 80 years, and as of January 2009, NorthShore Skokie Hospital.

[Skokie Hospital \(/locations/our-hospitals/skokie-hospital/\)](/locations/our-hospitals/skokie-hospital/)

Medical Group Offices

With more than 800 primary care physicians and specialists, NorthShore Medical Group offers a team of experts representing a vast array of specialties for you to select from for your care. You have a choice of leading medical experts, specialists who are fellowship trained and physicians are on the faculty at the University of Chicago Pritzker School of Medicine.

NorthShore Medical Group physicians (<http://www.northshore.org/apps/findadoctor/default.aspx?mg=1>) can provide the highest level of care to you and your family—putting you at the heart of a vast network where primary care physicians and specialists come together as a team focused on individualized, compassionate care.

Find a primary care practice (</apps/findalocation/default.aspx>), search for a specialist (</apps/findadoctor/?mg=1>) or call **847.733.5707** to schedule an appointment.

Lab Services

NorthShore University HealthSystem [Laboratory Services \(/locations/lab-services/\)](/locations/lab-services/) (NSLS) is the Outreach Services group of the NorthShore University HealthSystem's Department of Pathology and Laboratory Medicine. All operational and administrative functions such as Customer Service, Billing Service, Logistics Service, Phlebotomy Service, Patient Service Centers (PSC), OPS and Sales/Marketing are directed from the offices at 9811 Woods Drive in Skokie. Clinical and Anatomical pathology testing is performed in the Department of Pathology and Laboratory Medicine located at the Evanston Hospital campus with support by the laboratories at the Glenbrook, Highland Park and Skokie Hospital campuses. NSLS operates fourteen (14) independent PSCs providing routine specimen collection and limited waived testing.

We offer a full range of Anatomical and Clinical Pathology services along with substantial offerings of esoteric and specialized testing. Greater than 99% of laboratory testing is performed in the laboratory facilities at Evanston Hospital. The staff performing these services consists of nationally certified Allied Health Professionals and board-certified physicians (MD and PhD) who are on faculty with the University of Chicago Pritzker School of Medicine.

Pharmacies

Our four NorthShore University HealthSystem (NorthShore) [Pharmacies \(/locations/pharmacies/\)](/locations/pharmacies/) are conveniently located throughout Chicago's northern suburbs for filling your prescriptions. In addition to filling your prescription, we process your drug insurance claims and offer [home delivery](http://www.northshore.org/locations/pharmacies/#delivery) (<http://www.northshore.org/locations/pharmacies/#delivery>). Our pharmacists are available in person and by telephone to discuss questions or concerns you may have regarding your prescriptions or over-the-counter medications.
